

Model P312

Industrial Strength, 1" & 2" Disposable Panel Filters
Synthetic Media

Our long standing excellence in providing durable, top performing disposable filters is applied to the manufacturing of poly fiber **P312** filters. Ideally suited for residential, commercial, or light industrial use, the polyester media was developed for situations where synthetic media products are required.

Frame – The **P312** frame is produced using post-consumer materials. The unique Monobond pinch frame concept involves a one-piece frame sealed to the media under heat and pressure. This construction feature produces a continuous bond of media to board around the periphery of the frame, eliminating weak corners and air bypass. The use of a high tensile strength binder increases the integrity of the seal, allowing the filter to withstand varying temperatures and humidity levels.

Media – The synthetic media used in a **P312** consists of polyester fibers bonded together in an interlocking pattern of tiny lint and dust traps. This configuration maximizes dust loading while minimizing resistance to air flow and surface loading.

Application – **P312** filters perform best in conditions where large quantities of lint and dust are present. The rugged construction makes these filters industry leaders in the high velocity system, prefilter market.

Pinch Frame Design

- **Improved aerodynamics reduce restriction to air flow**
- **Safe, easy, fast installation**
- **Larger effective filtering surface area**
- **Wide selection of standard sizes**
- **Classified per UL Standard 900 for flammability**

Model P312

Industrial Strength, 1" & 2" Disposable Panel Filters, Synthetic Media

Category	P312 1"	P312 2"
Air Flow Velocity (FPM)	300	300
Initial Resistance (In. W.G.)	.14"	.14"
Recommended Final Resistance (In. W.G.)	.50"	1.00"
Average Arrestance (%)	75-80%	80-85%

*Testing conducted in accordance with the ASHRAE 52.2-2012 Test Standard. Classified per UL Standard 900 for flammability.

Standard 1" and 2" Sizes					
1 Inch				2 Inch	
10x10	14x14	16x24	20x25	10x20	16x25
10x20	14x20	16x25	20x30	12x24	18x24
10x24	14x24	18x18	24x24	14x20	20x20
12x12	14x25	18x20	24x30	14x25	20x24
12x20	14x30	18x24	25x25	15x20	20x25
12x24	15x20	18x25		16x16	24x24
12x25	16x16	20x20		16x20	25x25
12x30	16x20	20x24		16x24
